

COMPLAINT INTAKE NOTE - recorded by distributor helpdesk

Received: 2026-05-28, 09:40

Reported by: Delta Medical Supplies (distributor), Mr Anand Kulkarni,
anand.k@deltamedsupplies.example

Product: Pediasyrup Paracetamol Oral Suspension 250 mg/5 ml

Batch / Lot: PDS-24990

Manufacturing date: 2025-12-04

Expiry: 2027-12-31

Description as reported:

"Out of a shipment of 240 bottles received on 26 May, 18 bottles were leaking inside the outer carton. The syrup had soaked the cardboard partitions and three cartons were wet on the base.

The caps appear to be loose - two of them could be turned by hand without breaking the tamper ring. The remaining bottles in the same cartons are sticky on the outside but appear full."

Storage / transport: shipped by road, ambient. No temperature excursion reported.

Sample availability: the distributor has kept the 18 leaking bottles and the wet cartons.

Photographs: yes, sent by email on 2026-05-28.

Distributor requests replacement stock and asks whether the remaining 222 bottles from the shipment can still be sold.
